P.C.

The petitioner has made this application for early hearing of the writ petition. Earlier, he had made an application and the same was rejected by order dated 6.9.05, granting him liberty to apply after one year. It appears that the matters are pending for final hearing from the year 2001 onwards. The reasons given by the applicant in the application do not justify to give any priority to this matter. As such, the application is rejected, with liberty to move again after six months.
